Originally, our policy is to award a total annual amount of \$ 1,000 per enrolled student until all funds are exhausted starting on July 13, 2020 and ending on July 12, 2021. However, our senior management has adjusted our policy for the benefit of all enrolled students due to the second wave of COVID-19 virus including new variant strain and local unstable economic environment facing our student body with their income to pay for their basic living expenses.

On December 15, 2020, our policy was adjusted to a total annual grant award amount of \$ 1,500 per enrolled students which is disbursed in two grant awards: (1) CARES Act in the maximum grant award amount of \$ 1,000.00 for the first grant award to any enrolled student; and (2) CARES Act 2 in the maximum grant award amount of \$ 500.00 for the second grant award to any enrolled student who has entered into either payment period 2 or beyond for any FSA Title IV fund career training program offered by the institution.

Payment periods are defined by the institution as follows per FSA Title IV regulations as follows:

VII. The follow instructions/directions/guidance were provided by our institution to students concerning the Emergency Financial Aid Grants.

Our students have been sent an electronic message regarding their possible eligibility to receive Student Emergency Financial Aid Grants funds under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. It directs our students to contact the Financial Aid Department with a designated phone number about any questions or inquiries. We have developed our CARES Act for Student Emergency Grant Application and our Ten Frequently Asked Questions About CARES Act Student Emergency Grant Funds brochure in communicating information about their possible eligibility under this grant fund program. In addition, we have located our applications and our brochures in two public distribution racks outside the financial aid office and bursar office along with placing our application form and our Ten Frequently Asked Questions brochure on our website. Plus, we have distributed our applications and our brochure regarding their possible eligibility under the CARES Act when our students must attend their on-campus training sessions in small, controlled groups required by our state and our accrediting agency.
